DETAILED ACTION

Election/Restrictions

Applicant's election of claims 13-20 in the reply filed on 10/24/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The Application has been amended as follows:

Cancel Claims 22-46 due to non-elected claims.

Reason for allowance

Claims 13-20 are allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed limitations having a MEMS device comprising: an edge hinges-inclusive multi layer covered sacrificial first substrate member, a MEMS module protective shield member on the first substrate edge hinges, a MEMS module suspended from the MEMS module protective shield member by a plurality of ether members, a MEMS module protective shield

member latch assembly supporting the MEMS module protective shield member and the MEMS module in a selected substrate-removed location, and a second substrate member-received MEMS controller electronic circuit die located in the selected substrate-removed location within tether members distance of the latch assembly-stabilized MEMS module protective shield member, the MEMS module protective shield member enabling safe manipulative positioning and safe liquid bath-engagement of the MEMS module during removed substrate, tethered, handling, positioning and processing of the module and among other limitations cited in independent claim 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thao P. Le whose telephone number is 571-272-1785. The examiner can normally be reached on M-F (8-6).
